There are many uses for old items that might otherwise be thrown away. Reusing items is the best way to reduce waste. With a little time and creativity , you can turn trash into treasures. For example, there is quick and easy project that can be done with a can. For this project you will need an old can, scissors, glue and coloured paper. First ask an adult to help you remove the top of the can with a can opener. The edge of the can may be very sharp when the top is removed. Carefully wash and dry the can. Then use the scissors to cut the coloured paper into shapes. You may want to draw the shapes on paper with a pencil before cutting . Otherwise you may cut the paper freehand. Decorate the can by pasting the shapes on the outside of the can. You may also add buttons, glitter or scraps of fabric., if you have these items on hand.
